Trade and Industry Company DM Textile – the leader in the market of terry products!

DM Textile company is a leading manufacturer of textile and light industry in Russia. We manufacture and sell terry waffle bathroom and kitchen textiles for 40 years.

High-tech solutions

DM Textile manufactures popular in Russia and world-wide high-quality home textile products: terry and waffle towels, bathrobes, bed and table linen, baby and kids' textiles. The finest quality materials (cotton, bamboo and other kinds of eco-friendly yarns), advanced technologies and all world-known weaving techniques are used for manufacture of our products. The design of our textile collections is elaborated by a team of talented designers and is in line with the latest world trends in home textile fashion.

Our products

DM Textile company produces a wide range of high-quality home textiles under 6 brand names: Cleanelly Perfetto, Cleanelly Collection, Cleanelly, DM-lux, DM Textile and DM. All brands have their unique style and represent different price segments what enables our partners to consider various design preferences and customers' capabilities. Competitive quality of the products is achieved by means of strict requirements applied to raw materials used for their production, state-of-the-art equipment and high proficiency specialists.

Trade and Industry Company DM Textile – the leader in the market of terry products!

Certificates

High quality of DM Textile products is confirmed by Russia's Gos-standard certificates and authoritative international certificates:

- ISO 9001:2008 certificate;
- Oeko-Tex Standard 100 international ecological certificate, which is one of the most prestigious markings of textile products being tested for hazardous substance in the world;
- Every year DM Textill products win awards of All-Russia competition of «100 best products of Russia» program, have an honorary national award «Quality label», badge of honor «№1. Made in Russia» and also

a fashion industry award «Gold Spindle».

VERSAILLES

NEW

Polyester tablecloths are hardwearing and easy to care. They do not run or shrink in water retaining their original look after many washes.

Advantages:

- protection of tables, worktops, etc. for everyday wear and tear;
- attractive look;
- easy care (easy to wash and use);
- hardwearing and durable;

DELUXE

NEW

101

Pile warp: Ne 20/2 double ply twisted yarn with low TPM.

Максимальная износостойкость. New technology!

We use 20% polyester/80% cotton blended yarn in ground warp and weft of these towels. This increases durability of not only longitudinal and cross hems but also of the whole product. Polyester in composition of weft and warp yarn provides for considerable improve parameters of breaking load, which these towels can resist.

Density. Increase of number of threads in pile and ground warp. Pile is tight, low height but soft.

High absorbency.

Minimal shrinkage after wash. After 10 washes at 95°C the total surface shrinkage is as little as 2-2,2% (with standard value of this parameter equal to 8%)

Towels of different sizes have the same pile height. Towels are manufactured on dobby looms.

INN

NEW

101

Pile warp: Ne 16/1 single ply yarn

High durability. New technology!

We use 40% polyester/60% cotton blended yarn in towel weft, that significantly increases the durability of longitudinal hems, since their destruction while is resulted from breaks of weft threads.

Good hydrophility. Use of single ply yarn in pile warp makes these low density towels soft, fluffy and good water-absorbent.

Towels are manufactured on jacquard weaving looms with standard number of threads in ground and pile warp.

HOTEL

101

Pile and ground warp: Ne20/2 twisted yarn

High density Use of Ne 20/2 yarn with low twist in ground and pile warp provides for towels having high density with lower loop height.

High durability. Achieved by means of stitching longitudinal and cross hems with lock stitches.

Snagging and longitudinal shrinkage resistance.

High hydrophilicity.

Soft and fluffy pile.

We can embody a relief pattern (logo) in the structure of the towel.

Application: customized piece dyed products.

Single ply yarn Ne 16/1

Da bagno bathrobes is a universal terry bathrobe with shawl collar which suits both men and women. Use of single ply yarn provides for high strength properties and softness of the bathrobe.

The bathrobe is designed to maintain comfort body temperature and remove extra moisture. Products with such properties can be used either in hotels or in saunas, SPA and swimming pools.

Brand-new technology of fabric manufacture for this style of bathrobe was developed in order to achieve minimum shrinkage of the products while use. This technology will be implemented in production process in the near future.

Confetto waffle bathrobe with shawl collar is presented in men's and women's styles. It has a strongly pronounced waffle relief which has not only esthetic properties but also increases hydrophility maintaining however featheriness of the bathrobe. Such bathrobes are very durable and quickly-drying. That is why they can be used not only in hotels but also in saunas, SPA and swimming pools.

DA BAGNO

Now Da bagno is in color! Products with higher durability in various shades for your customers.
